

Installation Instructions for AllenDirectCutForMac.dmg

Download AllenDirectCutForMac.dmg from

<http://allendatagraph.com/techsupport/directcut/AllenDirectCutForMac1.01.dmg>

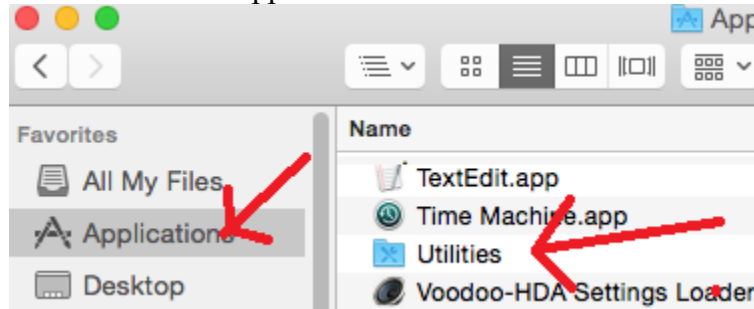

Install Adobe Illustrator CC 2015 or 2014

double click on the dmg file and this directory will appear

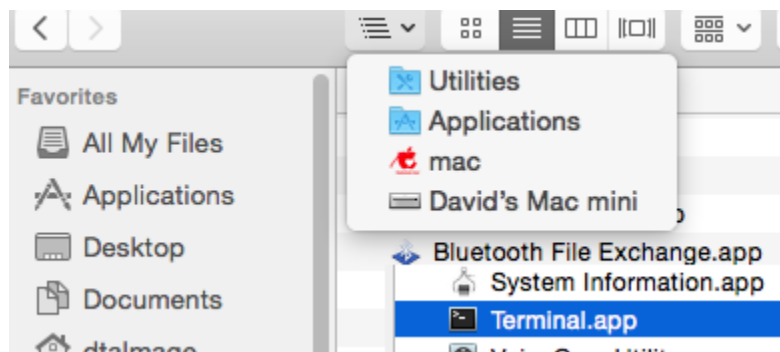

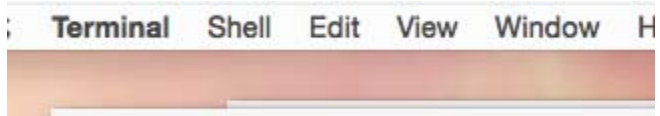

Double clicking on install does not work yet so:

In finder click on applications -> utilities

Then double click on terminal

```
AllenDirectCutForMac — bash — 80x24
Last login: Fri Sep 18 15:01:09 on ttys000
Davids-Mac-mini:~ dtalimage$ cd /Volumes/AllenDirectCutForMac/
Davids-Mac-mini:AllenDirectCutForMac dtalimage$ ls -l
total 16
drwxr-xr-x  3 dtalimage  staff   102 Sep 18 10:16 AllenPrintMac.aip
drwxr-xr-x  3 dtalimage  staff   102 Sep 18 10:16 AllenPrintMac.app
-rwxr-xr-x  1 dtalimage  staff   350 Sep 18 12:39 AllenPrintMac.entitlements
-r-sr-xr-x@ 1 dtalimage  staff   812 Sep 18 12:38 install
Davids-Mac-mini:AllenDirectCutForMac dtalimage$ ./install
```

then enter

```
cd /Volumes/AllenDirectCutForMac
./install
```

Some messages will appear
then install complete will be displayed

- Close terminal
- Open Illustrator
- Open Drawing
- Turn on cutter and connect to mac via usb or ethernet

Click on File -> DirectCut

The directcut previewer will appear

- Select the Device from the drop down
- Set the driver properties for rotation etc.
- Click on cut.
